Nibiruian connection:

Most beings of the Anunnaki resistance have been residing at Nibiru , Nibiru was an organic planet of this solar system, but now when we talk about Nibiru is more of a Ship for Anunnaki beings, so these beings that are on Nibiru they experience cycles, they are on the first density and then the second one and then they are again in the first density, they enter every 3600 years they come to monitor us and in the past they controlled the solar stargate or stargate number 4, so that earth was not able to align with the sun.

Atlantean connection:

In later Atlantis, 9560 bc a luciferian covenant was formed that was Anunnaki in nature and the plan was to capture the earth, their project was called phoenix, in this project, Anunnaki Fallen Angelic races of the phantom matrix motivated their Anunnaki beings on Earth to attempt to gain dominion over earth by opening a wall in time that existed between earth and phantom earth in the phantom matrix.

The plan was to merge the earth shields with the ones of phantom Nibiru and Tiamat, so that a part of the body of earth was going to burn up and the portions that were able to survive black hole transition would emerge in the second density as a inhabitable moon to Nibiru.

So the guardian beings intervened in Atlantis and the fallen angelic beings were sent back into the phantom matrix and the founders patched the holes in the wall in time. But then, some of the Annu beings on earth opened the wormhole again and as there was a Nibiruian crystal temple network on earth the earth templar became distorted and buildings on Atlantis were destroyed, that also caused beings on earth to lose the memories of humanity.
